SUNDAY TRIBUNE.

As the advertisements in The Sunday Tribune will crowd that sheet almost to the exclusion of everything else, we shall be again compelled to refer the reader to the Supplement for the usual variety of interesting original and selected matter. As there are something over twenty columns of this in the two sheets, in addition to all news of the day, and about as many more of advertisements, we hardly think that any of our subscribers will complain of not having all they can ask for in a single newspaper.
